

**ENVIRONMENTAL**  
HEATING COOLING

*"Brian came to our home to give us an estimate. We found him knowledgeable, professional, respectful, funny and honest. Jon & James did the install. They were both very polite, conscientious about not making a mess and tidying up at the end of the first day and the second day. We highly recommend Environmental who provided us with our heat pump solution and love our Mitsubishi system! It's quiet and efficient, the constant air temp is wonderful!"*

— LYNN IN FENWICK

## COMFORT SYSTEM GUIDE

Everyone's comfort needs differ, which is why our process puts you and your unique comfort preferences at the forefront. The perfect Home Comfort System does exist, because it's custom tailored to You!

- 2 stages of fossil fuel heating.
- Variable speed blower technology for consistent temperatures.
- Single stage 16 Seer air conditioner with scroll compressor

**SO, WHAT DOES COMFORT MEAN TO YOU?**

Is it a breath of clean and fresh indoor air, or the fulfillment of lowering your carbon footprint. Could it be the serenity of a Whisper-Quiet System providing consistent temperature control, season after season. What about that warm feeling knowing that in the event of a breakdown, you have a backup heat source as well as an industry leading warranty.

These crucial factors are often overlooked in home comfort system selections, yet, they are among the most essential considerations to ensure your comfort and satisfaction.

**ALL OF OUR SYSTEMS ARE BACKED BY AN INDUSTRY LEADING WARRANTY OF 10 YEARS ON PARTS, 10 YEARS ON LABOUR AND 10 YEARS ON WORKMANSHIP.**
